Subject: Southeast Missouri?

Hello, Folks:

This is my first post to this group, so I hope this is the right place for it to be posted!

Anyway, I have looked through the online listings and didn't find a group that covers Southeast Missouri. Is there one just not listed as of yet or is it a case that there is no such group at this time?

The group that I am a part of (HAMPS) might be interested in performing the duties for this region if it is not currently covered by another group.

Thanks!

Take Care & 73

Subject: Band problem

A software glitch resulted in erroneous error messages being sent about the 222 band being incorrect. This problem has been located and fixed. No further error messages should be received.

Sorry for any confusion this has caused.

Best Wishes,
